EASTERN WAR'S RESUMPTION LOOMS

Zero Temperature Throughout The Northwest

FIRST DETERMINED
ONSLAUGHT OF THIS
SEASON IS MADE BY
WINTER IN BIG AREA

Helena, Montana Coldest City
Tuesday in the Entire
Nation

COLD WAVE EXPECTED
TO REACH THIS SECTION

Flurries of Snow Accompany
Drop in Temperature in
The Dakotas

(Associated Press.)

CHICAGO, Dec. 5.—Winter made
its first determined onslaught of the
season, spreading a trail of zero
temperature through the northwest
and plain states and causing a decided
drop in temperature as far south
as Texas in the southwest and Ten-
nessee in the central area.

Helena, Montana, with a tempera-
ture around 18 degrees below zero,
was reported the coldest place in the
country. Sub zero temperature was
recorded throughout Montana, North
Dakota, and parts of Minnesota, with
Havre, Montana, announcing four be-
low, Williston, North Dakota, eight
below, Grand Forks, North Dakota,
four below and Fargo, North Dakota,
eight below.

The southern Rocky Mountain
states were warned by forecasters
to prepare for drops in temperatures
from fifteen to twenty degrees, at-
tended by slight flurries of snow.
Throughout the upper Mississippi
valley states the breath of winter was
manifest in a biting wind that sent
the mercury scurrying toward the
zero mark. Weather forecasts indi-
cated this wave would spread into the
lower lake region and the Atlantic
and east gulf states, with the excep-
tion of Florida peninsular, by tonight
or Wednesday.

DEMURRER FAILS; ORDERS CASE TRIED

(Associated Press.)

OZFORD, Miss., Dec. 5.—Judge E.
R. Holmes overruled the demurrer of
Governor Lee M. Russell, asking that
the petition of Miss Frances Birk-
head be dismissed on the basis of
no grounds for action, when court
convened this morning.

Judge Holmes, after announcing
that the demurrer of Governor Rus-
sell had been overruled, ordered that
the case go on trial on its merits to-
morrow morning.

Child Narrowly Escapes Flames

James Griffin, little son of J. C.
Griffin, who lives on the Kentucky
building on Moulton street was able
to sit up and take nourishment at
noon today, apparently none the worse
for the burning his face received this
morning about 10 o'clock.

The boy was burned in the following
manner: The grate fire was not
burning brightly enough to suit his
baby eyes—(the boy is around three
years old) so he proceeded to empty
the contents of a coal oil can on the
coal fire with the result that a
mighty flame swept upward, ignited
the wall paper over the fire place,
scorched the round face of the lit-
tle fellow and caused him to send
forth a scream of terror.

The mother was on the scene quick-
ly, so sure and fine is the mother in-
stinct. She may not have been as
quick as the proverbial lightning, but
she was quicker than the flame of fire.
Result: With a few touches from a
physician, the boy is as well as ever,
and was eating a hearty meal of
canned fruit at noon today.

HUNGARIAN AMBASSADOR
REACHES AMERICA

Count Szechenyi

Count Laislaus Szechenyi, Hunga-
rian Ambassador to the United States,
has arrived to take up his duties. His
wife was the former Miss Gladys Van-
derbilt of New York.

YOUTHFUL HUNTER SHOT THRU HAND WHEN GUN SLIPS

Grady Fairbanks, fifteen year old
son of John Fairbanks, is at the Be-
nevolent hospital, suffering from a
gun shot wound in his right hand.

Young Fairbanks was out hunting
this morning near his home, which
is with his father, on the farm of J.
H. Crow, near Priceville. He was re-
turning from some traps he had set
and stopped at a farm wagon on
which men were loading corn. The boy
set the butt of his gun on the step
of the wagon bed, but it slipped, and
when it struck the ground, the gun
fired, the shot going through the
boy's right hand, and some of them
into his brow just above the eyes.

He was brought to a local physi-
cian, who in view of the seriousness
of the wound, ordered the boy sent
out to the Benevolent Hospital.

CONDENSED SYSTEM INSTALLED BY CLERK

Circuit clerk J. L. Draper is in-
stalling a new condensed system in his
office, whereby a great number of
books can be eliminated from the re-
cords of the circuit clerk, and in their
stead a much smaller number of re-
cords books be kept, which will facili-
tate greatly the handling of the large
number of records which annually
pass through this office.

The system is a duplicate of the
system which was inaugurated in the
clerk's office of Jefferson county
when the courts were consolidated,
and eliminates much detail work. In-
stead of an extra subpoena docket
and an extra fee book and execution
docket, the present system combines
all in one book.

The system Morgan's circuit clerk
is installing is the same that is used
in many of the progressive counties
of the state, and has proved a system
making more effective and efficient,
and a great time saver where ever it
has been installed.

Albany Football Team Will Enjoy Feast Wednesday

The annual banquet, given by the
Rahm Clothing company, to the Al-
bany high school football team, will
be enjoyed Wednesday evening at the
home of Mrs. Sarah Jeffries.

After the big feed problems of the
team will be discussed and plans for
next year talked over. It is likely
that a captain for the '23 campaign
also will be elected at that time.

HAMMER MURDER WOMAN ESCAPES

BELOVED MINISTER
CALLED BY DEATH;
REV. DAVIS TO BE
BURIED WEDNESDAY

One of County's Most Distin-
guished Sons Goes To His
Reward

SEVERAL RELATIVES IN
THIS VICINITY SURVIVE

Newspaper Readers Will Recall
His Contributions To
The Press

Rev. A. L. Davis, whose death in
Birmingham, was announced this
morning, was one of this county's
most distinguished sons, and he was
known far and wide for his piety
and broad culture. Advice state that
Rev. Davis breathed his last at mid-
night Monday, at the home of his
daughter, Mrs. W. G. Henry, of Bir-
mingham. The direct cause of the
death of Rev. Davis was an attack of
acute indigestion. It was stated he
was far advanced in life. Had he lived
this year out Rev. Davis would have
entered his 91st year. When last
seen in the Twin Cities, he appeared
in the best of health and was in high
spirits. He declared his never ending
interest and concern for his native
county and for the children and grand
children of the neighbors with whom
he lived as a young man.

Rev. A. L. Davis, was a preacher
who carried the love of Christ with
him all the time. He was of a poetic
nature and disposition, and from the
days of his youth, and until the time
of his death he frequently expressed
his thoughts in verse.

He was a farmer-preacher in the
early days before the civil war, and
did his farm work through the week,
preaching as way opened on Sundays
and at other times. Rev. Davis was
also a teacher. He was quite as well
known in that calling as in the Gos-
pel ministry. When he was in the
Twin cities some weeks ago he named
over scores of people in this vicinity
who sat at his feet as pupils. Rev.
Davis delighted to talk of good
things and of good people. He was
also deeply interested, apparently, in
(Continued on Page 4)

Chief Executive Breaks Precedent

(Associated Press.)

WASHINGTON, Dec. 5.—Presi-
dent Harding broke a precedent to-
day by permitting the second day
of a new session of congress to pass
without delivering his annual mes-
sage, reporting on "the state of the
union" and outlining the adminis-
tration's recommendations for leg-
islation.

It was said at the white house
that no date had been fixed for the
President's appearance before the
senate and house, but that he ex-
pected to be able to complete his
message in time to deliver it be-
fore the end of the week.

PROGRESSIVE BLOC WINS A VICTORY IN ITS FIRST SKIRMISH

(Associated Press.)

WASHINGTON, Dec. 5.—Members
of the new progressive bloc in con-
gress won their first legislative vic-
tory today by obtaining from the
senate agriculture committee a fa-
vorable report on a resolution to amend
the constitution to provide for direct
election of the president and the vice-
president.

The amendment also would change
inauguration day from March 4 to
the third Monday in January and
members of the senate and house
would begin their terms of office the
first Monday in January after the
biennial elections. Congress would
meet in regular session annually on
the first Monday in January.

MEETING POSTPONED.

The meeting of the committees re-
presenting Albany and Decatur in the
negotiations for forming a civic or-
ganization for both cities scheduled
to have been held tonight, has been
postponed until Friday evening.

WEATHER.

For Alabama—Cloudy tonight and
Wednesday. Probably local rains in
south portion, colder in interior to-
night and in south and central por-
tions Wednesday.

WRITE RICHARDS—WIZARD WILL ANSWER ALL QUESTIONS

Does your sweetheart love you?
Do you want to know when or how
to sell? Do you know who and when
to marry?

Should You make that in-
vestment or go on a contem-
plated trip? Are you anxious to
know how to be lucky? If so just bundle
up your troubles in an en-
velope and send them to Richards,
"The Wizard," care of The Albany-
Decatur Daily and he will directly
and comprehensively answer you.

Richards by whatever peculiar
talent or through transference of
mysterious force it may be, answers
all subjects except of a criminal na-
ture.

Richards, "The Wizard" appears
at the Princess theater starting on
Thursday, Dec. 7 and he is acknowl-
edged to be America's greatest magi-
cian and psychic. The Daily has
arranged with him to answer as many

questions as possible each day.
The first answers will appear
Thursday.

Send in your name right now and
be answered among the first to re-
ceive an answer. Just write your
question, sign your full and correct
name and address and mail it to
Richards, "The Wizard," care of The
Albany-Decatur Daily. However,
only your initials will appear in the
published answer, and no one will
see your question but the great
mystic. Richards gives no private
interviews and there are but two
places to receive an answer to your
question, through The Albany-
Decatur Daily and during the regular
performances at the theater.

Richards lays no claim to any su-
pernatural powers, saying that all he
does is scientific, but this is gravely
doubted by many, as Richards was
raised as a boy among the great Yogi
and Brahmin priests of North India
and from childhood has baffled the
leading scientists with his amazing
work. He brings to Albany-Decatur
a big production, carrying a carload
of scenery and a big company.

CLARA PHILLIPS HAS
CUT THROUGH STEEL
BARS OF HER CELL IN
FLIGHT TO FREEDOM

Was Under Sentence of Ten
Years for Slaying With
Hammer

MATRON DISCOVERED BED
IN WOMAN'S CELL VACANT

Authorities Believe Aid Was
Given Prisoner In Her
Daring Dash

(Associated Press)

LOS ANGELES, Dec. 5.—Clara
Phillips climbed out of a window
in the women's section of the county
jail and escaped early today. She was
under a sentence of ten years to life
imprisonment after conviction for the
hammer murder of A. A. Meadows.
She was held in jail pending the for-
mulation of an appeal.

With the aid of several steel saws,
her escape was effected at 2 a. m.,
according to a report to the sheriff
by the jailer. Belief was expressed
that she had been aided by other in-
mates. Bars were sawed through and
after crawling out the window, she
dropped to the roof of an adjoining
cape and disappeared.

The escape was not discovered by
jail authorities for several hours. The
matron, in making rounds, saw the
bed in Mrs. Phillips' cell vacant. The
matron then discovered the sawed
and twisted bars and notified jail-
er.

Effort was being made to intercept
her if she attempted to cross the
Mexican border.

Painful Injury Suffered by Boy

The 12 year old son of William
Thompson suffered a painful injury
Sunday afternoon, resulting in the
loss of three fingers on one hand, and
painful injury to one eye. The young
man with other companions was out
on one of the highways where work
was going on. The workmen on leav-
ing Saturday afternoon failed to
gather up all the dynamite caps, and
one of these was found by the boy,
and brought home. Not knowing the
danger or realizing it, a match was
lighted and placed on it, when it ex-
ploded with the above results. While
the injury is painful and serious, it is
fortunate indeed that the young
man escaped with no more serious
injury.

Prisoners Taken To Penitentiary

Messrs Hezzie Blankenship and
John Motes, convicted in the Morgan
criminal court in connection with the
burglary of the Lyman Henderson
store near Somerville, some time
ago, were carried to the penitentiary
today in charge of the state transfer
agent. Each received undetermined
sentences ranging from 4 to 6 years.
Norman Cross indicted at the recent
criminal court of making illicit whis-
key, and given a sentence of one year
and one day, was also carried at
this time.

This leaves but seven prisoners in
the county jail, the smallest number
for several months.

WILL FIGHT CONFIRMATION
OF PIERCE BUTLER

Pierce Butler

Pierce Butler, attorney and Demo-
crat, of St. Paul, Minn., has been ap-
pointed by President Harding to suc-
ceed Associate Justice Day on the
U. S. Supreme Court bench. He is re-
garded as an ultra-conservative, and
the progressives in the Senate have
threatened to oppose his confirma-
tion.

EDUCATIONAL WEEK PROGRAMS GIVEN IN LOCAL HIGH SCHOOLS

Following out the plans for "Edu-
cational Week", this morning, special
addresses were made both at the Al-
bany and Decatur schools.

Following the announcements of
Prof. Benson, the superintendent of
the Decatur schools, of the winning
class last week for punctuality, Dr.
James D. Wallace, pastor of the First
Presbyterian church, made the prin-
cipal address. Among the visitors
present was W. H. Mitechew, of the
Educational Department, of a large
publishing house. Prof. Benson an-
nounced that the banner for attend-
ance went to the grade taught by
Miss Mary Turley this week, with
Mrs. Z. Trimble's grade a close sec-
ond.

In his address Dr. Wallace stressed
the importance of regularity in at-
tendance upon classes. He said that
his experience in study had taught
him that of any one thing, punctual-
ity was the most important. The
minister stressed the importance of
a sound religious basis for educa-
tion, and gave an extended descrip-
tion of the work he had to go through
with in order to complete his educa-
tion.

According to an arrangement
agreed on at Albany schools, the
teachers are to present different
questions during educational week,
on each of the days of this week. To-
day Mrs. Ralph W. Cowart, spoke on
the stated subject: "American Citi-
zenship". Mrs. Cowart stressed two
important considerations as to the fu-
ture citizenship of America—the im-
migration question, or the problem of
Americanizing the foreign born; and
the clear duty of the children to real-
ize their future duties.

The speaker stated that the slogan
of the educational forces of the na-
tion regarding the immigrants was:
"Americanization of every immigrant
by 1927". It was stated that there
were 36,000,000 people of foreign ex-
traction in the United States. In
1920, according to Mrs. Cowart, there
were 1,488,000 who could not speak
the English language, and in the
same year 1,763,000 who could not
read a word of the language.

The second division of the speak-
er's address had reference to the im-
portance of the students realizing
that in a very few years, they would
be called upon to enter upon the ac-
tive duties of life, especial stress was
aid on citizenship duties, in reference
to voting and selecting proper offi-
cials for office.

PESSIMISTS HAVE
"FRUITFUL FIELD"
TO PREDICT PEACE
EFFORTS WILL FAIL

Complete Collapse of Conference
At Lausanne Now Seen
By Many

FRENZIED CHARACTER
OF PARLEY ALARMING

Indicative of Extreme Nervous-
ness of Europe Over Exist-
ing Situation

(Associated Press.)

LAUSANNE, Dec. 5.—Turkey and
Europe have apparently drifted so far
apart on the great issues of the Near
East conference that the pessimists
have a fruitful field for unhappy
prognostications of a complete col-
lapse of the pourparlos and the as-
sumption of war in southeastern Eu-
rope.

Such a culmination of the confer-
ence discussions could easily be ar-
gued as a strong possibility, but any
such argument, based on a reasonable
hypothesis, would leave out the fact
that Europe needs peace and that
Turkey has constantly proclaimed her
need for building up international re-
lations in acquiring capital to devel-
op her immense resources.

The frenzied character of yester-
day's proceedings, in which Russia
came to the fore as the willing cham-
pion of Turkish autonomy, is indica-
tive of the extreme nervousness of
Europe and the general unsettled con-
ditions which provoked feelings of
genuine despair on the part of the
conference leaders.

CLEMENCEAU PAYS VISIT TO HARDING

(Associated Press.)

WASHINGTON, Dec. 5.—Georges
Clemenceau paid his respects today
to President Harding, arriving at the
white house shortly before ten o'clock.
The Tiger of France looked hale
and jaunty. He was accompanied by
Jules J. Jusserand, the French am-
bassador, who presented him to the
President.

Late tomorrow the war-time pre-
mier will call on former President
Wilson, with whom he sat on the coun-
cil of the Big Five at Versailles.

Y. M. C. A. CAMPAIGN OPENS DECEMBER 18

At a meeting of the Committee of
Management of the Y. M. C. A. held
last night in the office of Secretary
C. J. Randolph, decision was reached
to open the membership campaign
Monday, December 18, and the fol-
lowing were named as a general com-
mittee to launch the movement:
Thomas Hodson, General Foreman of
the Wood Working department, H.
S. Roberts, General Foreman of the
Iron working department, W. W.
Rahm, Charles Roundtree, and W. W.
Fussell.

Plumbing Shop Now On Moulton

The Hal Mullen plumbing shop, lo-
cated for several years on Second av-
enue, now is in its new home on East
Moulton street, near the intersection
of Moulton and Sixth avenue.

NOMINATION RETURNED.

WASHINGTON, Dec. 5.—The nom-
ination of Pierce Butler, of Minne-
sota, to be an associate justice of the
supreme court, which failed of con-
firmation at the special session of
congress was returned to the senate
today by President Harding.

WE FAVOR ACCEPTANCE OF HENRY FOX'S BID FOR MUSCLE SHOALS.

SPEAKING ABOUT CAREERS.

If nothing nor anybody but the man himself entered into his career he would become little or nothing nor would he get any where. If a community lives unto its self it will die unto its self—and not be very long about it. In so far as these Twin cities are attractive places to live in—and they are—it is due to the desire, purpose and practice of the people living out side of themselves and their bare self demands. And as in the past unwillingness to live unto our selves alone has been our salvation—so in the future the same kind of living must be our habit and practice, if we go on “over the top” to the good destiny that awaits us.

If we are convinced that the Twin Cities are a duplicate of paradise its self; then “where ignorance is bliss ‘tis folly to be wise”; but there are few indeed among the intelligent hundreds and thousands of our people, who have more than one eye closed to some defects and blemishes that might be removed. Wherever we can see a single thing that is in the way of a larger career for these communities, it should be removed; wherever we see a single change for the better that promises a greater destiny for all the people, it should be made by all means.

Without suggestion, these considerations have doubtless, occurred to the members of the civic committees now at work on the problems now confronting them. They are now weighing the issues involved in the proposals now being considered, and we venture to say that none of their ideas will run counter to those just expressed.

THE MODERN WAY

Dr. Nicholas Murray Butler, president of the largest university in the United States, in an interview expressed the opinion that “schools are failing to educate, that young men and women are completing college courses with nothing definite learned, with no body of valuable knowledge properly mastered.” “We have largely destroyed the common body of knowledge, particularly that which used to hold men and women together in intellectual and moral sympathy and understanding. A host of varied and special training have displaced that one fundamental training which was and must always be essential to any education worthy of the name.”

The Alabama School Journal by way of comment

adds: School people have felt for years that there is a considerable element of danger in the period of change which schools have been and are passing through. The value of subjects in the courses of study has been challenged; many substitutions and additions have been made; the theories underlying the educative process have been profoundly altered; and class room practice is rapidly changing to conform with new principles and subject matter. Naturally there is danger of loss in such a period: many facts and practices which are sound and valuable will be lost in the shuffle, but they will regain recognition as the movement reaches again some kind of comparatively stable plane of action.”

COMMUNITY INTEREST.

Community interest is nothing more or less than the conserving of all the natural resources which abound at given points where communities exist, express in towns, cities and rural life, and all working to ward a given cause, and that to be the right to pursue in worthy understandings; the banding together of all interests where each abide to raise the standard of living, and any other effort which has its end the general uplift of its citizenship, bringing a reasonable reward in all lines of endeavor, all contributing to the fulfillment of the expectations of all, to make the place where homes are reared the best place on earth to those who abide there.

FITFUL FIGHTING.

In the great re-adjustment of the nations of earth, fennacles are reaching out into every direction, seeking to catch and take hold on some plan which will bring peace, and end the turmoil which has been in progress in some countries for the past 12 years. Awards were made following the great war, and boundary lines established in the effort to bring a cessation of hostilities, but to no avail. Nations through their accredited agents of authority are either actually fighting or getting ready to do so. When it will cease is a problem, and no nation is asleep as to its future security. Whether preparation brings security, has been a much mooted question. In the absence of any better plan of procedure, preparedness goes on a pace.

UP THE LADDER.

The farmer has climbed the ladder rung by rung during the last two years, which has carried him well out of the slough of despond, and he faces the future with great promises of something in return for his labor of the year. In the increased price of corn alone since its maturity, there has come into the realm of possibility for the raiser of it, thousands upon thousands of dollars. Added to the increase of the cotton crop in dollars and cents over the previous year, the figures rise to enormous proportions. It is the same old story; if the farmer is successful, every other line of industry is successful in the same ratio.

When the co-operatives rule the people rejoice; but when the non-co-operatives bear rule the people mourn.

If Clemenceau arises between three and four a. m. and retires at about 8 p. m. as is said, whom will he see?

Quite naturally it is more difficult to make the sea dry than the land; but your Uncle Sam likes hard jobs.

Many Licenses Are Issued in Morgan

Thirty nine marriage licenses were issued from the office of probate judge L. P. Troup during the month of November. That cupid has been unusually active is gathered from the fact that this is the largest number who have secured license in any one of the preceding months of the year. The list follows:

Otha Bartlett to Miss Eula Smith.
Lawson J. Ward to Miss Paulina Gillespie.

Francis G. Sheehan to Miss Louise Inez Waugh.

Paul D. Garner to Miss Gertrude Thompson.

Henry G. Nunn to Miss Maud Fitzgerald.

Sidney S. Francis to Miss Jimmie Brindley.

Gilbert H. Woods to Miss Jewel M. Allison.

L. Thomas Jones to Miss Mattie Phillips.

F. D. Higdon to Miss Sinnie Bell Bishop.

William B. Long to Miss Ettie Bell Kirby.

Nevel A. Dunlap to Miss Mamie E. Vest.

Dewey G. Craven to Miss Viney Teene.

William I. Garner to Miss Lucy Collins.

Garland Hale to Miss Elva A. Hall.

Vernon F. Nethery to Miss Irena Haynes.

Mabry Bishop to Miss Lucy Corse.

Roy L. Free to Miss Cora Stewart.

H. Walter Stinson to Miss Irene Morris.

Ralph Porch to Miss Helen Inez Johnson.

Burkett B. Sherrill to Miss Irva G. Thompson.

Lee M. Pike to Miss Lizzie Dolores Johnson.

Frank D. Waddell to Miss Annie McCluskey.

James M. Thornton to Miss Nina Ellis.

Edward W. Drain to Miss Clara Dowers.

Wilbur Rolfe to Miss Mary G. McCutcheon.

Darwin McBride to Miss Trannie Parker.

B. Frank Thompson to Miss Eva Thompson.

Brandon Crafton to Miss Lizzie Mae Stroup.

Herman Waite to Miss May Alexander.

Joseph W. Grizzard to Miss Annie N. Johnson.

R. Clifton Miller to Miss Lurline Wade.

William Shaw Haslett to Miss Mildred Hodges.

Horace M. Johnson to Miss Tessie Mae McLean.

Geo. A. Center to Mrs. Mary C. McClanahan.

Dennis O. Simpson to Miss Mary Brindley.

M. B. Reynolds to Mrs. Della Justice.

E. Herman Leeman to Miss Christine Hawkins.

Charlie Clark to Mrs. Maggie Campbell.

William Oliver Brown to Miss Fannie B. Long.

Cotton Growers Meet At Memphis

MEMPHIS, Tenn., Dec. 5.—Establishment of non-cotton growing zones with adequate compensation for the owners to prevent further spread of the pink boll worm in cotton producing states, and appointment of a committee to cooperate with the United States department of agriculture in devising means to secure a more adequate supply of calcium arsenate for the use in fighting the boll weevil were recommendations made in resolutions adopted today by the cotton states conference, in session here, to discuss problems now facing the industry.

Near East Work Is Endorsed by Union

The regular monthly meeting of the pastor's Union of Albany and Decatur was held at the R. R. Y. M. C. A. Monday night, with Dr. John D. Wallace presiding and C. J. Randolph the secretary at his place.

Among other questions discussed was that of the campaign now on, for the relief of the Smyrna refugees, and the following resolution was unanimously adopted:

Resolved:—

That, The Albany-Decatur Pastors Union are heartily in sympathy with the purpose of the Committee on the Near East Relief, in its work of relieving suffering Humanity in that war torn Country, and wish to extend to Mr. H. W. Hammer, Representative of the Near East Committee in our Community, our best wishes for the success of his work and pledge him our un-divided support and co-operation.

(Signed)
J. D. Wallace, President.
C. J. Randolph, Secretary.

COAST STAR SOLD.

(Associated Press.)

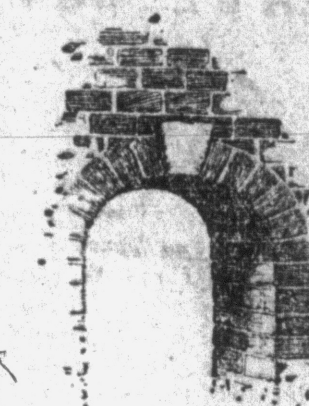

LOUISVILLE, Ky., Dec. 5.—The first big deal of the minor league convention was made today when Sammy Hale, third baseman with the Portland, Ore., club, a hitting and fielding sensation on the Pacific coast league, was sold to the Philadelphia Americans for players and cash amounting to \$75,000.

OUTDOOR THRILLS ABOUND IN SPECTACULAR SERIAL.

“Breaking Through,” the new Vitagraph serial which begins this Tuesday at the Star Theatre, is an outdoor picture. Some of the most beautiful scenic spots on the West coast were used as back grounds for the action. The snow-capped ranges of mountains, the green vastness of age-old forests and the rushing splendor of rock-strewn torrents appear in this splendid production. One scene was filmed in the famous Golden Gate at San Francisco. Every episode is almost as good as a summer vacation in the Rockies. And the people in “Breaking Through” are outdoor men and women worthy of the stupendous stage on which they move. It is a story of fighting and adventure, as wholesome as the great

Felt—The Key To Roofing Strength

Knock out the keystone of an arch—and you have a ruin.

Break down, by time and exposure, the basic material in any asphalt shingle—and you have destroyed a roof.

Genuine Richardson Felt is the key material in Flex-a-Tile Giant Shingles. It “holds” the weather-proof qualities of this superior roofing because it is the perfected product of an organization that has specialized in the manufacture of fine felt since 1868.

This tough, durable fabric is thoroughly impregnated with scientifically tempered asphalt; then heavily coated with natural asphalt on both sides—the outer-coat to keep out heat, cold and moisture from above, the under-coat to give equally needed protection from beneath.

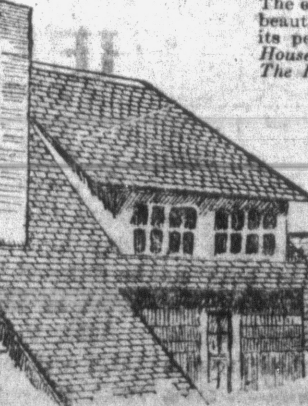

FLEX-A-TILE HOUSE TOPS

And Flex-a-Tile Giant Shingles look as well as they wear, because on their outer surface is an enameled coating of rich green slate (or red if you prefer) from the Richardson quarries in Georgia.

An important economy point is that this large-size, extra-weight shingle can be laid over an old roof as well as on new sheathing, thus saving the labor of tearing off old shingles, and affording the extra insulation of a double surface. In fact no other type of asphalt shingle gives such satisfactory results when used in this way.

Telephone for further information.

DECATUR CORNICE &
ROOFING CO.

Flex-a-Tile Giant Shingles are 50% heavier and 100% stiffer than standard asphalt shingles and cost less than a third more. The extra thickness adds to the beauty of the roof as well as to its permanence. Flex-a-Tile House Tops are a product of The Richardson Company.

Banishing pain by reducing congestion

Millions are now using this simple treatment to stop pain. Sloan's, applied without rubbing, penetrates and produces a warming sensation. It stimulates new, fresh blood to and through the aching part. This breaks up the congestion, and since congestion has caused the pain—quick, grateful relief follows.

The world over, Sloan's stops rheumatic twinges and muscular aches. It eases aching back and sharp, neuralgic pains. Good, too, for colds in chest.

Sloan's Liniment—kills pain!

Star Aggregation A Dramatic Treat

The aggregation of stars who appeared at the Princess theater last night in "The Circle" will hardly be seen here again in a generation. Before a fair audience, though a most appreciative one, Lackey, Bingham, Dixey, Walker and Hackett gave a presentation so complete that its equal is very seldom seen. Mr. Cagle has given to this public a dramatic treat so far excelling an ordinary performance that the memory will long remain with those who witnessed the ease and finish of this superb company.

Hartselle News

Appropriate exercises were held at the schools Monday, fittingly carrying out the national movement of education week. The matter was discussed ably, calling attention to the great part education is destined to play in building the great nation in the future.

An old resident of the Cotaco country east of this place, stated that Cotaco Creek, one of the largest streams of the county is lower now than at any time in all his residence there, extending over a period of 50 years. The creek in some places has stopped running, and in others where it is unusually deep and wide, can be cleared with a step.

For the first time since the road project was started over the county this season, work has stopped on all of them temporarily on account of rain and mud. More rain has fallen during the last few days than for the past three months.

Word received from Rev. R. M. Howell, now stationed at Alexander City, and who served the Methodist church here as pastor last year, is to the effect that he is splendidly situated in his new home, and his members have made him feel at home from the start. A great pounding was given him upon his arrival, and other things done which started the work of the year under flattering circumstances.

Already plans are being formulated for one of the biggest campaigns in the history of this little city, to begin in the spring of 1933. The scarcity of houses has become acute, and those who have the future welfare of the town at heart, realize that without provision being made for desirable additions to the citizenship of the place, it must take a backward step.

Failing in the plan for proposed waterworks and sewerage, a system of sanitary toilets will be installed under the direction of the Morgan county health unit, and it is quite possible that some provisions can be made whereby the present water system of the town can be enlarged. Calculations forward are being made, and the spring of 1933 will see a fulfillment of the plans.

The Morgan county farm bureau through its membership, is making a strenuous effort to get a county agent for Morgan. For the past three months the county has been without a farm demonstrator, and the absence of one is being keenly felt, according to prominent members of this organization. The past county agent, W. C. Johnson, was transferred to Lineville, Ala., where he holds a similar position.

VITAMINES

essential, health-building factors have always been in cod-liver oil and account for its helpfulness in overcoming malnutrition.

Scott's Emulsion

should be taken for a reasonable length of time daily, to enable its rich, vitamin-nourishing virtues to help refresh, energize and build up the body.

Announcing the Opening of the Masonic Theater

We wish to announce to the people of Albany and Decatur and surrounding territory that the Masonic Theater Company, a Corporation composed of local business men, has leased and will re-open the Masonic Theater on

DECEMBER 14th

It is our purpose to give the local theatergoers the best to be had in the way of pictures, high class vaudeville and legitimate shows.

The Masonic Lodge, thru their Board of Control, is having the building thoroughly renovated, the interior is being re-decorated, and everything will be in first class shape by the date of our opening. Two new furnaces have been installed and everything done to insure the comfort of our patrons.

We have arranged to have good music, having secured the services of a musician who has had much experience in playing pictures, and who is rated as one of the best in this section of the country.

Through the courtesy of the Metro Pictures Corporation we are able to offer as our opening attraction Rex Ingram's Masterpiece, "TRIFLING WOMEN", which picture comes here direct from a weeks run in Atlanta, at the Howard, the South's most up-to-date picture house.

It will be our policy to give the people of the Twin Cities

Strictly First Class Pictures at Popular Prices

and we ask your patronage on the merits of our show.

I PAY CASH for men's second-hand clothing, shoes, hats or anything of value. E. Cohen, 412 Bank St. 28-61

NEWS OF ATHENS AND LIMESTONE COUNTY

ATHENS, Ala., Dec. 5.—(Special)—Athens remains as in the past a busy and prosperous county seat. It is surrounded by a rich farming section of the Tennessee Valley, and all through the week, but especially on Saturdays, the streets are lined with vehicles and the stores are crowded with eager bargain hunters. The largest single industry here is the Wellman Cotton Mill Company, successor of the original Athens Cotton Mill Company, which was owned in large part in the early days by the late Thomas Macklin Hobbs and by Clarence E. Frost, formerly president of the First National Bank of Athens.

Since the building of the mill some 25 years ago, at which time a small building housed the manufacturing machinery—a notable addition was built at the time of its ownership by the Fulton Cotton Mill Company. The mill at present covers well over half as much more ground than it did when first built. The Wellman mill is running at top speed now under the able management of J. H. Barnhill and his busy corps of assistants. As predicted lately this mill is now running night and day; except that Mr. Barnhill shifted yesterday that the night hour shift had only about two-thirds enough employees, and that when more houses were erected in the mill village, he would run as full force at night as in the day time. This mill makes from eight to No. 24 yarns and is equipped with the latest inventions in the way of cotton manufacturing machinery. At full capacity 180 people are employed at the Wellman Mill. Many of the operators there are readers of the Albany-Decatur Daily as it is the nearest daily to them.

County Farm Agency Retained.—After some discussion the Limestone county board of revenue at a recent session decided to retain the County Farm Agency, with Fred Stewart as County Agent. Mr. Stewart has been holding this position for years with credit to himself and to the profit of the farmers of Limestone.

COULD NOT TURN IN BED

Operation Avoided by Taking Lydia E. Pinkham's Vegetable Compound

Dayton, Ohio.—"I had such pains that I had to be turned in bed every time I wished to move. They said an operation was necessary. My mother would keep saying: 'Why don't you take Pinkham's, Henrietta?' and I'd say, 'Oh, mamma, it won't help me, I've tried too much.' One day she said, 'Let me get you one bottle of each kind. You won't be out very much if it don't help you.' I don't know if you will believe me or not, but I only took two bottles of Lydia E. Pinkham's Vegetable Compound and one of Lydia E. Pinkham's Blood Medicine when I began to get relief and I am regular ever since without a pain or a headache. When I lie down I can get up without help and without pain. I can't begin to tell you how I feel and look. I have begun to gain in weight and look more like I ought to. I think every day of ways I have been helped. Any one who does not believe me can write to me and I will tell them what shape I was in. I am ready to do anything I can to help your medicine."—Mrs. HENRIETTA MILLER, 137 Sprague St., Dayton, Ohio. If you have any doubt write to Mrs. Miller and get her story direct.

Dr. Glasgow Goes to New Orleans.

Dr. B. B. Glasgow, President of Athens College, accompanied by Mrs. Glasgow, left last night for New Orleans, where today they will sit as delegates to the Southern Educational Association, which body begins its annual four day session in the Crescent city today. Dr. and Mrs. Glasgow were accompanied by Mr. and Mrs. Geo. B. Duncan, of Athens. Dr. Glasgow stated that Dr. L. W. Dinwiddie, President of Tulane University, would preside over the sessions of the conference. Dr. Glasgow also stated that Dr. Dinwiddie had a number of near relatives living near Courtland.

Many to Come Thursday.

According to J. H. Lorimore, one of the members of the Athens Kiwanis, it is expected that the club will be down in force Thursday night, when the Morgan Kiwanis club gives a special social entertainment to the Athens club. There are about 35 members at present of the Athens Kiwanis club.

Personal Mention.

W. H. Ryan, on reading the daily account of the disturbances over the control of the Dardenelles, said that he did not believe the world, America included, would ever agree to turn those straits over to the Turk.

C. M. Hillis, Assistant Post Master at Athens, made a trip to the Twin cities yesterday.

Mr. and Mrs. R. H. Walker attended the "Circle" performance at the Princess Theatre in Albany last night.

Rev. T. R. Husk, Pastor of the Presbyterian Church, U. S. A., at Athens, is a reader of the Daily and is impressed with the ability of that paper to get newer news to Athens than any other daily, as the Twin Cities where it is published are so close by.

R. H. Connel, who lives on West Pryor Street, and is in the cotton and warehouse business stated that cotton sales were holding up well.

THOUSANDS HAVE KIDNEY TROUBLE AND NEVER SUSPECT IT.

Applicants for Insurance Often Rejected.

Judging from reports from druggists who are constantly in direct touch with the public, there is one preparation that has been very successful in overcoming these conditions. The mild and healing influence of Dr. Kilmer's Swamp-Root is soon realized. It stands the highest for its remarkable record of success.

An examining physician for one of the prominent Life Insurance Companies, in an interview of the subject, made the astonishing statement that one reason why so many applicants for insurance are rejected is because kidney trouble is so common to the American people, and the large majority of those whose applications are declined do not even suspect that they have the disease. Dr. Kilmer's Swamp-Root is on sale at all drug stores in bottles of two sizes, medium and large.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure, and mention this paper.

Jewelry makes a lasting gift and is always a reminder of the giver. We have a splendid line of better grades and the kind the recipient will appreciate.
J. W. THORNTON.

DESCHAMPS DENIES ALLEGATIONS MADE BY FRENCH DEPUTY

(Associated Press.)

PARIS, Dec. 5.—"It is an infamous lie," said Francois Deschamps, manager of Georges Carpentier, today when shown the declaration by Batling Siki that his champion match with Carpentier was to have been a frame up.

"I was sure Carpentier would knock this negro out in the first round," Deschamps declared. "Do you suppose I would let this clumsy fighter stay four rounds with my champion?"

"Deputy Diagne is making electoral propaganda of this stuff. It will go big at the next election with his Senegalese electors, but it may not go so big in the courts when the deputy is asked to prove his charges."

"I am absolutely defying Diagne to show the slightest atom of proof connecting me with this alleged frame up. You have noticed he was very careful not to mention my name in that connection."

Firemen Busy In Month of November

Fire chief Sorber was in a straight betwix two opinions today as he stood before the fire bulletin board, considering whether it should be enlarged or not, following the unusual large number of calls during the month of November, when the bulletin board proved inadequate to hold them all.

Notwithstanding the large number of calls, no serious losses were entailed, the percentage running very low. Not a single fire or call is registered for the month of December, and the fire chief hopes to keep it that way. Then with a far away look he said: "but Christmas is yet to come."

Teachers Institute And Exams Are Set

The State Teachers' Examination for Morgan County will be held in the County High School building at Hartsville on December 18, 19, and 20, commencing at 9 o'clock. All teachers desiring to take advantage of this examination will take notice, and be present on the first day.

The program for the county teachers institute to be held December 16, follows:

1. Reading Circle Course—It's Value, Prof. C. K. Parker.
2. Reading: Silent Reading—Miss Lucile Russell.
3. Oral Reading—Jas. A. Jarnagin.
4. Better English: Round Table Discussion, led by Henry Standish.
5. Suggestions: By County Superintendent.

Every teacher is urged to be present. These discussions will be worth while.

G. G. GLOVER,
Pres. County Institute.

STILL CAPTURED.

MONTGOMERY Ala., Dec. 4.—(Special)—Law enforcement officers operating in Jackson county today reported the capture of a moonshine plant which had been improvised from a saw mill boiler. The plant had a capacity of five hundred gallons and was completely equipped. In addition to the still, the officers destroyed eighteen vats, each of which had a capacity of five hundred gallons, and poured eight thousand gallons of mash.

BORN.

Born to Mr. and Mrs. W. E. Sibley, a daughter on Monday, December 4.

Beloved Minister Called by Death

(Continued from Page One)

every serious question that interests the human mind. There were few questions he was not able to give a satisfactory answer. It was the custom of Rev. Davis to pay visits to Morgan county, and to spend some time in each year with his grand children in this section of the state.

Many news paper readers will recall Rev. Davis' contributions to the press and many will recall things he said, but he uttered nothing base.

Rev. Davis is survived by the following relatives in this section: Mrs. W. G. Henry, his daughter, and by the following grand children: Jeff, Taylor, Waigert, and Elizabeth Henry; Mrs. W. E. Steed, Mrs. Walton Hill, of Albany; Mrs. John Spratt, of Washington, D. C.; and Miss Cynthia Davis, of Anniston.

Rev. Davis was an uncle of Frank J. Davis and Hartwell Davis. The remains of Rev. Davis will reach Decatur Wednesday morning, and the funeral party will meet the train from Birmingham. The funeral will be preached at the Trinity Methodist church by Rev. Moses N. Norris, at 10 o'clock, and the interment will follow at the Fennel cemetery on Trinity mountain.

Handy Invention By Otto Moebes

Otto Moebes is the inventor of what he calls "the handy boy blotter and straight edge". He has had the invention patented and has received his letters of patent on it. The invention consists of a nickeled piece of steel, about 4 inches by 3 inches in dimension, and is so arranged that it is held to the left hand by elastic adjustable bands. It is designed for book-keepers and others who have much pen work to do. On one side is securely held a blotter, and when it is necessary to make ledger lines, a straight edge ruler is there for convenient use. It obviates the necessity of continually picking up a blotter and ruler when doing book work or much writing. He chanced to fall upon the invention as he says, "I could never find a blotter when I needed one", and began to think of an arrangement of this kind, with the ruler feature added.

A beautiful line of Christmas Umbrellas at THORNTON'S.

DEPUTY INJURED

During the heavy rain Sunday afternoon, Deputy Sheriff Clyde Sharpe ran into one of the concrete "dead men" situated at the intersection of Sixth Avenue and Sherman street. The rain, which was quite heavy and coming directly in his face blinded him to such an extent that he failed to see the obstruction and ran head on into it. Aside from a few bruises about the face he suffered no other injuries. The steering gear of the car was damaged to considerable extent.

A present to be appreciated would be one of our nice watches.

J. W. Thornton

WHY SUFFER SO?

Why suffer from a bad back, sharp shooting twinges, headach, dizziness and distressing urinary troubles? Albany people recommend Doan's Kidney Pills. Could you ask stronger proof of merit?

Mrs. J. F. Doyle, 1420 Fourth Ave. S., Albany, says: "I was down with my back, I could hardly get about my house, I had a constant backache and hurting across my kidneys when I stopped to dust, I could hardly straighten again. I became so dizzy, black specks danced before my eyes. My kidneys didn't act as they should and I became so weak I could hardly get around the house. I used Doan's Kidney Pills and they completely cured me of the trouble. I have had no return of the complaint in the last six years."

Price 60c, at all dealers. Do not simply ask for a kidney remedy—Doan's Kidney Pills—the same that Mrs. Doyle had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

The Standard of Comparison

Suited to Every Kind of Motoring The Four-Cylinder Touring Sedan—\$1325

Business driving during the day—social motoring in the evening and week-end tours or vacation trips—all are equally enjoyable in the Buick four-cylinder touring sedan.

It is a fine closed car; rich in the luxury of its handsomely furnished Fisher-built body and fitted with every refinement for year round comfortable and convenient driving. A sturdy trunk, carried on the rear affords the baggage space for touring and adds a distinct smartness to the long, racy appearance of this car.

The famous Buick valve-in-head engine and the rugged Buick chassis provide economical transportation and dependable performance.

One ride in this touring sedan will reveal to you how perfectly this Buick fulfills every demand of perfect closed car motoring.
